God, that guy has absolutely ZERO sense of humor. I cant believe no one has killed him yet.

Further, one would think that a man of his *impressive means* could do better than sending a holiday card by EMAIL! Especially considering he's an e-pariah since last year's messageboard crusade that mocked him over and over.

What a PR wizard. You threw an absolutely disastrous party on New Year's Eve precipitated by false advertising and possible fraud, and yet refunds are on a case-by-case basis.

I guess if you drank more than two wine spritzers you clearly got your money's worth and are not eligible for a refund.
